CORPORATE RESTRUCTURING

Our corporate-restructuring team works with companies facing significant functional and operational challenges, including rapidly deteriorating performance trends, excessive leverage, loss of clientele, change management, challenges of sustainability and slow growth.

TURNAROUNDS & TRANSFORMATIONS

We work on the most challenging situations, driven by a challenging market, sustaining customer base, product diversification or survival in uncertain dynamics of future. In these challenging situations we support our clients particularly SME's to push their organisations towards extraordinary results.

HOW WE HELP CLIENTS

Many businesses experience distressed situations, while others are moving from good to great. Regardless, each situation presents a unique set of challenges. Identifying the root causes that adversely affect performance, developing a transformation plan that offers solutions at every stage, and working alongside management as their associate to rapidly deliver value: these are all key elements that define the success of SEMS engagement.
